Re: Freedom of Information Act Request

Pursuant to the Freedom of Information Act, I am requesting copies of emails to and from the email addresses of FDA Director Dr. Robert Califf and CDER Director Dr. Patrizia Cavazzoni containing the terms "monoclonal antibodies", "mAbs", or "moAbs" between March 1, 2020 and November 14, 2023. You may exclude commercial distributions of bulletins or headlines by news organizations and trade publications intended for public dissemination.

With respect to the form of production, we request that the records be provided electronically in their native file format, if possible. Alternatively, we request that the records be provided electronically in a text-searchable, static-image format (PDF), in the best image quality in the agency's possession.

In order to help to determine my status to assess fees, you should know that I am a researcher for the nonprofit Taxpayers Protection Alliance Foundation (TPAF) and this request is made as part of news gathering and not for a commercial use. TPAF is a 501 (c) (3) nonprofit organization as defined by the Internal Revenue Service.

As a member of TPAF, I request that a fee waiver for my request be granted. My work has been published by national outlets and the release of the information will serve the public interest.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request be filled electronically, by email attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter.

Sincerely,

Johnny Kampis
